Intelligent Information Systems Lab

Winter Semester 2024/2025

Harry Scells, Tim Hagen, and Martin Potthast

Deep Semantic Learning
University of Kassel and hessian.AI

Agenda

- ❏ Last week
    - – How did you get along with the RAG notebook?
- ❏ This week:
    - – Have a look at the resources we added to the course page [temir.org]
    - – Get familiar with Slurm on our cluster
    - – Primer on literature research [faq.webis.de]
- ❏ Next week:
    - – **Conduct literature research on RAG and evaluation of RAG systems** [Gienapp et al. 2024]
    - – Prepare a short presentation (10-15 min) on your findings

If you ever feel stuck, just ask!
