

Intelligent Information Systems Lab

Winter Semester 2024/2025

Harry Scells, Tim Hagen, and Martin Potthast

Agenda

- Last week
 - Provided an intro to transformer models
- This week
 - Report your findings on sentiment classification with SBERT embeddings
 - Pair programming to fine-tune BERT model [git.webis.de]
- Next week
 - Have a go at fine-tuning BERT for sentiment classification [lightning.ai]
 - Present your findings next week, again 10-15mins
