

Intelligent Information Systems Lab

Winter Semester 2024/2025

Harry Scells, Tim Hagen, and Martin Potthast

Agenda

- Last week
 - Relevance ranking using DPR or [mono/duo] BERT
- This week
 - Entailment: Does `text1` *entail (part of)* `text2`?
i.e., can `text1` be cited as a source for `text2`?
- Until **Jan. 23**
 - Implement an entailment classifier [\[template\]](#)
 - Prepare a short presentation again (10–15 min)
